EXPERIENCE

PROFESSIONAL

Synechron, INC.

01/2021 - 03/2021

Concord Tower, Dubai Media City
Dubai, UAE 450590

Design, Front-End Web, and Data Analytics Intern

Learned three disciplines (design, front-end web development and a large focus on data analytics) and how they are used in the industry. Built a concept product implementing all three. Designed and built a food delivery app using Figma and HTML/CSS/JavaScript. Implemented a Q&A chat-bot based on Rasa for Python that used Machine Learning to learn from FAQs scraped from different websites and stored in MongoDB as training data.

Pristine Private School

09/2019 - 06/2020

Al Nahda 2

Dubai, UAE

Events and Media President

In-charge of planning various events and projects for my school.

Included large ones such as Sports Day, The Annual Play, and a carnival as well as smaller ones like Design workshops. Supervised the production of media such as invitations, posters, photography and event movies. Composed various event videos and themed videos that assisted in increasing the school's social media presence with various social accounts handled by myself.

Home and School

Dubai, UAE

Personal Projects

Learned basic Python programming and created various projects, including a data visualization program that presents covid-19 data for individual countries around the world. Attended multiple programming competitions, secured 3rd Place at Rochester Institute of Technology programming competition. Built myself a personal website to hold my portfolio and present various projects.
